

Dear class 7d,

Time to practise the simple present and simple past once again. For this, please work on the following tasks and send me the results via email (wescott@eag-berlin.de) or via the HPI cloud.

All the best, Ms. Wescott

1. Imagine you can interview the teachers from school.

a) Ask questions about things he or she usually/never/always does. Write down 10 questions in the simple present.

For example:

- When **do** you **go** to bed?
- **Are** you a good singer?

Tip: You can use question words like when (wann), where (wo), which (welche/r/s), who (wer) etc.

b) Ask 10 questions about his or her summer holidays. Use the simple past.

For example:

- **Did** you **go** on holidays?
- **Were** you in a different country?

Tip: You can use question words like when (wann), where (wo), which (welche/r/s), who (wer) etc.

2. How did you spend the first two days of homeschooling*? Write about things you did and didn't do. You should write about 10 sentences in the simple past.

* = Was hast diese Woche in den ersten Tagen des Homeschoolings (d.h. gestern und vorgestern) so gemacht oder nicht gemacht?

More help?
Look at the grammar rules for the simple present and simple past once again.
